

# Multi-Purpose 4:1 Bucket

Extend your jobsite versatility to the maximum with a Thomas Multi-Purpose Bucket. The Thomas Multi-Purpose Bucket gives you four attachments in one!

The attachment can be operated as a conventional bucket but with its ability to open at the back has the added advantage of high loading capability.

Its dual hydraulic cylinders turn the multi-purpose bucket into a powerful clam. Easily able to grab onto materials such as construction debris.

In addition with its three cutting edges you also have a dozer blade or you can utilize the back cutting edge of the bucket as a scraper.

- **Width (overall)** 43" (1092mm)
- **Height (overall)** 20" (508mm)
- **Capacity** 5 cu.ft. (.465cm)
- **Cylinders** 2
